****YOU MUST COME IN ON WEDNESDAY OR FRIDAY IN JANUARY OR FEBRUARY TO PRECUT PAPERS AND FABRIC. WE CAN MEET ON SATURDAY BY APPOINTMENT. THIS IS IN LIEU OF CHARGING FOR MORE CLASS TIME!**

We are pleased to continue Sewing 1 on 1 this quarter!! For any class which requires the use of a machine we strongly suggest taking advantage of this tutoring session which is FREE with a paid class. Brenda is available by appointment on Mondays to meet with you and your machine and make sure you are familiar and comfortable enough with it to help you and everyone in your class have a productive and successful time. We have listened to both students and teachers and have heard students talk about frustration from fighting with their machines and teachers not knowing how to help. We feel with this short tutoring session, you and the teacher can concentrate on the technique or project at hand and not worry about winding bobbins and threading needles!

In the interest of safety, instructors will lock the doors for evening classes 15 minutes after the starting time. Please make every effort to arrive early enough to allow for set up in order that class may begin on time. The instructors cannot hear the knocking on the door in the classroom. Please do not hesitate to call before closing if you know you will be running late.

A policy reminder: to receive store credit for a class, you must cancel **at least 7 days before** your class begins. Our teachers depend on class enrollment to prepare for class.
